

FEATURED ALUM-A-LIFT ADDITIVE MANUFACTURING PROCESS SUPPORT LIFT

PROJECT 27503

MODEL A1500CSLREET-60/60

FEATURING Interchangeable Gripper Arms, Powered Clamp, Powered Knuckle, Powered Trunion, Telescoping Mast, Hazardous Environment Rating

HANDLING 150 lb [68 kg] Flasks, Filters, and Build Plates

DETAILS Additive manufacturing processes require the loading/unloading of flasks, filters, and build plates in a Class 2 Div 2 Hazardous Environment. This Alum-a-Lift is capable of precise placement of the various components while retaining the ability to pass through standard doorways.
